Check out all of our current middle school activities!

I would like to share some of the things that took place over the past month and what we are looking forward to as we head down the homestretch to this school year.

We had five of our sixth graders attend the South West Iowa Math Bee in Logan. Our Treynor team received 2nd place out of 25 teams! Those students that participated are as follows; Brady Coffman, Payton Chapman, Josie Davidson, Davin Rucker, and Norah Beekhuizen. Individual Awards were given to the Top 25 individuals in which Josie Davidson finished in 1st place out of 125 total students. Congratulations for a very good performance!

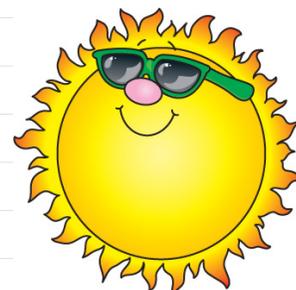

Ms. McGehee had all 8th graders participate in the Optimist Club Speech Contest whose topic was "How my Best Brings Out the Best in Others." Our local Optimist Club Contest place winners were: 1st - Clarissa Weitzel and Jacob Keay, 2nd - Sophie Showalter and Ryan Danker, and 3rd - Tori Castle and Mitchell Lutz. At this time, Jacob Keay and Clarissa Weitzel are still competing and if they win, they will move on to the state level in Des Moines.

In support of Money Smart Week, the Iowa Bankers Association sponsored a Money Smart Kid Essay Contest for students in grades 7-11. Anna Halverson and Rachael Phelps were finalists so they each had a phone interview scheduled for the next portion of the contest. They each automatically received \$250 and the winner, which will be announced early next month, will receive \$1000! This is a competition throughout the entire state of Iowa.

We plan to finish our year off with an Awards Ceremony celebrating accomplishments of what took place during our 4th Quarter. As of now, we plan to have this on Thursday, May 26th. Please read above for other end of the year events that will also take place.

Thanks for all of your support and as always, please don't hesitate to call or email if you have any questions or concerns.

Mrs. Berens
Middle School Principal

THOUGHTS FROM THE HIGH SCHOOL PRINCIPAL..... MR. McNEAL

This is the last newsletter of the 2015-2016 school year and I want to congratulate our students on their many accomplishments. From championships, to state qualification to academic performance, our students excelled in many areas.

I wish the Class of 2016 good luck in all their future endeavors and want them to always remember that they will always be part of the Treynor Cardinal Family. We are proud of your many accomplishments!

I would like to commend Joan Palmquist and the Junior Class Officers for providing an excellent 2016 Prom. Their organization and preparation was very well done! From my observations, the students had a great time! I would also like to thank the Junior Class parents for providing an excellent post prom experience. Their hard work will provide very many positive memories for all who attended.

Congratulations to Noel James and Brett Daley for qualifying to run at the Drake Relays. Noel participated in the 100 meter dash and Brett in the 400 meter hurdles.

As the spring sports finish their seasons, I'm looking forward to watching them compete at their highest level. I wish them good luck on their quests to qualify for State.

The summer sports teams will start practice soon and their seasons will begin toward the end of the month.

TEACHER APPRECIATION WEEK

The first week in May, May 2-6th, has been designated as a special time to honor the men and women who lend their passion and skills to educating children. Teachers play a key role in student success and sometimes a simple "thanks" is all a teacher needs to feel valued. We are very proud of our teachers and appreciate their sacrifices and support for our children throughout the year. Please take the time to celebrate your students' teachers during this week.

MULTICULTURAL NIGHT

Everyone is invited to attend the “free” Community Multicultural Night on Monday, May 23rd from 6:00—8:00 p.m. in the Treynor Middle School Commons & West Gym. This evening is funded by Promise Partners Community Networking Grant. Join us to learn about other cultures, taste ethnic foods, participate in folk dancing, and more. Guest speakers include: Guatemala, Japan, Germany, Africa, Sweden, and Denmark.

Bring the whole family for an evening of fun!

This evening will be celebrated in memory of our special friend, Fred Stokey, from the German American Club of Omaha. Fred has been involved in each of our Multicultural Nights since our first and will be greatly missed.

SUMMER MEALS FOR KIDS & TEENS

Summer meals for kids and teens are being served nearby. These meals are open to all children, 18 and younger, with no enrollment and no cost. SPRING/SUMMER ACTIVITY PASSES

Activity passes for spring (including track and soccer) and activity passes for summer (including softball and baseball) are available. These are separate passes which will admit one person to sixteen home contests for track/soccer or softball/baseball. Tournament games are not included. The passes reflect a significant 40% savings from paying admission at the gate. Adult passes are \$48 and student passes are \$29.

Passes can be purchased in the Superintendent's Office.

REGISTRATION DAY—AUGUST 1, 2016

Registration Day for the 2016-17 school year will be Monday, August 1 from 8:00 a.m.—1:00 p.m. and from 4:00 p.m.—7:00 p.m. in the High School Commons. However, please be advised that during this alternate time, there will only be one secretary available to receive payments and distribute forms. “Drop-in” registration in the school offices will not be available.

MAY—SCHOOL BOARD RECOGNITION MONTH

As citizen leaders, school board members face complex and demanding challenges. Yet few people fully understand the scope and far-reaching implications of board members' responsibilities. All Iowa citizens should recognize the vital contributions of these men and women and focus attention on the crucial role these elected public officials play in the education of our children. Their job is to establish a vision for the education program, design a structure to achieve that vision, ensure schools are accountable to the community and strongly advocate continuous improvement in student learning. That job entails an endless string of meetings and school functions to attend; reams of reports, agendas, proposals and other information to read and study; and a host of difficult decisions to make.

School board members come from all walks of life, yet they share a common goal—excellence and equity in public education. Although they may individually disagree on certain issues, their role as a board is to consistently strive toward that goal.

Board members contribute thousands of hours each year leading their districts. Whether they are crafting policies, hiring top-notch administrators, listening to staff and student concerns or recognizing outstanding programs, board members always keep their eyes on the goal of student achievement. The time spent in board meetings represents just a small fraction of the hours school board members spend leading in their districts. They also work hard at seminars and training sessions to keep abreast of the latest trends in educational leadership, are deeply involved in community activities and spend many hours in the schools and at extracurricular events. They are truly advocates for the children of our state.

In recognition of the dedicated service of Iowa school board members, May has been designated School Board Recognition Month by the Iowa Association of School Boards. This year's theme is "School Boards Matter: Making a Difference for Iowa's Students. Please join us by saying "thanks" to our school board members and recognizing their efforts throughout the year.

TS COMMUNITY FOUNDATION

Looking for creative ways to give?

TS Community Foundation, formed in 1999, is an organization designed to help giving people accomplish more with their gift. The foundation is committed to developing long-term prosperity in the local communities, and a charitable process which gives donors more financial flexibility.

The TS Community Foundation has a board including Mick Guttau as Chairman, Bob Mantell, Denise Wilson, Nigel Horton, Travis Castle, and Judy Guttau as Secretary. Mary Jewell serves as legal counsel and works for TS Bank's Wealth Management and Trust Group.

"Our number one desire is to be a catalyst for positive change and growth in our communities for generations to come," stated Mick Guttau, TS Community Foundation Chairman. TS Community Foundation is a conduit for a number of community projects, such as the Treynor Eagle Monument, the Optimist Playground project, and Vision Treynor which allows individuals and families to donate money that becomes a tax-deductible gift.

The TS Community Foundation has been developing strategic initiatives to create more awareness in the community of how the Foundation can benefit individuals, organizations, and communities. One of the first projects is to encourage the public to donate on Wednesday, May 25th to Vision Treynor Group as part of the Pottawattamie Gives promotion.

Omaha Gives/Pottawattamie Gives is a one-day online fundraising event organized by the Omaha Community Foundation to raise support for nonprofits in Douglas, Sarpy and Pottawattamie Counties. The one-day giving event also increases the opportunity for the possibility of matching gifts to various organizations. Last year, more than 20,000 people raised \$8.8 million for 704 area nonprofits in just one day through Omaha Gives! It has been expanded to Pottawattamie County this year.

Donations are needed to help Vision Treynor Group expand the development of a Treynor Family Recreation Complex. Land has been purchased, but additional funds are needed to continue developing the infrastructure, fields, and related amenities. Giving your tax-deductible gift to Vision Treynor Group Wednesday, May 25th increases the opportunity to have a matching gift made through Pottawattamie Gives.

To learn more and to make your gift, visit omahagives24.org/pottawattamie. Select Vision Treynor Group and make your gift online via debit card, credit card, or electronic check.

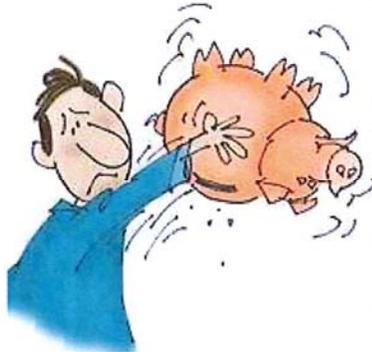

For questions contact any board member. The Chairman is Mick Guttau, 712.487.3000, mick.guttau@tsbg.com.

Cardinal Financial Literacy Update

Adding Fun to Financial Literacy Month

There is growing concern among educators and business leaders that the need for financial education of America's youth is growing. According to the results of the National Financial Educators Council's financial literacy test, administered to students between 15 and 18 years old from January 2012 to February 2014, over 62 percent of test takers received a "D" or an "F" with the average score hitting 59.6 percent.

The lack of understanding about the importance of financial planning doesn't seem to improve much in the adult population. According to a 2014 Consumer Financial Literacy Survey, conducted by the National Foundation for Credit Counseling, 61 percent of U.S. adults do not have a budget and 34 percent indicated their household carries ongoing credit card debt.

April designated as Financial Literacy Month

To increase public awareness of the importance of financial education in the U.S. and draw attention to the economic consequences associated with the lack of understanding about personal finance, every year since 2004, the U.S. Senate has designated April as Financial Literacy Month.

Throughout the month, community initiatives, programs and classes are planned across the country to promote and encourage financial awareness. Plus, nationwide events like Money Smart Week in Chicago (April 18-25) and Teach Children to Save Day (April 24) stress the importance of financial literacy and provide tools to help strengthen money skills. Visit the Financial Literacy Update (occ.gov/flv) to learn more about activities in your home state scheduled for April, as well as throughout the rest of the year.

Make finance a fun part of each and every day

In addition to Financial Literacy Month, there are an abundance of resources and initiatives to give kids and adults the boost they need to learn financial concepts that can help put them on the path to a better understanding of how to build and maintain a stronger financial future.

For example, check out the many resources that are available on YesYouCanOnline.info. These include articles, podcasts and presentations filled with tips on ways to earn, save, invest and spend, plus valuable tools to help you and your students find the answers you need. Other helpful online resources include:

- [Jump\\$tart](#) - offers easy-to-understand financial education resources geared to students in pre-K through college.
- [Investopedia](#) - offers easy-to-understand definitions of financial terms.
- [Consumer Financial Protection Bureau](#) - provides messages and tips for parents to use in helping to increase their children's understanding of money.
- [Annual Credit Report](#) - includes information about credit.

END OF THE SCHOOL YEAR FEES

Just a reminder with the end of the school year approaching—all lunch accounts must have a positive balance on the last day of school. Students who have a negative lunch balance will not be able to sign out for the year. Fees will also be due for Industrial Tech. classes and projects (check the bulletin boards in the commons for the list) and laptop repairs.

It is possible once textbooks are turned in at the end of the year that your student may be asked to pay a book fine or a book rebinding fee due to damage to a textbook.

If you have any questions or need to check on your student's fees, please call any of the school offices: Middle School, 712-487-3181; High School, 712-487-3804; Superintendent's Office, 712-487-3414.

This will be the last newsletter for the 2015-16 school year. The first newsletter for the 2016-17 school year will be available online or mailed before the end of July. It will contain information for registration and for the 2016-2017 school year.

Have a great summer!
