I would like to share some of the things that took place over the past month and what we are looking forward to as we head down the homestretch of this school year.

We had five of our sixth graders attend the Southwest Iowa Math Bee in Logan. Our Treynor team received 6th place out of 24 teams! Those students who participated were: Emma Ehmke, Malloy Helvie, Dawson Goss, Abby Jacobsen and Jonas Keay. Individual awards were given to the top 25 individuals in which Jonas Keay finished in 7th place and Abby Jacobsen finished in 19th place out of 120 total students. Congratulations for a very good performance!

Mrs. Stogdill had all 8th graders write a 4-5 minute speech about “How My Optimism Will Help Me Press on to Greater Achievements in the Future”. Ten students, listed below, were selected to move on to the next level where each student presented their speech to several judges and were given a medallion from the Optimist Club.

TEACHER APPRECIATION WEEK

The first week in May, May 4-8th, has been designated as a special time to honor the men and women who lend their passion and skills to educating children. Teachers play a key role in student success and sometimes a simple "thanks" is all a teacher needs to feel valued. We are very proud of our teachers and appreciate their sacrifices and support for our children throughout the year. Please take the time to celebrate your students' teachers during this week.

SPRING/SUMMER ACTIVITY PASSES

Activity passes for spring/summer are available. These passes will admit one person to thirty home contests for track, soccer, softball and baseball. Tournament games are not included. The passes reflect a significant savings from paying admission at the gate. Adult passes are \$90 and student passes are \$55.

Passes can be purchased in the Superintendent's Office.

REGISTRATION DAY—AUGUST 3, 2015

Registration Day for the 2015-16 school year will be Monday, August 3 from 8:00 a.m.—1:00 p.m. and from 4:00 p.m.—7:00 p.m. in the High School Commons. The location is yet to be determined. When it's finalized, I will e-mail everyone. Each session covering one subject will be 30 minutes in length costing \$10 for each session. If you would like the student to be tutored in more than one subject, then please sign up for multiple sessions. Sessions will be held on Mondays and Tuesdays from 9:00—11:00 a.m. Additional sessions can be scheduled if requested. Each parent needs to fill out a form, which is located in the elementary office, for their student and turn them back into the elementary office. Please get the forms done before the last few days of school. If you have any questions, contact Melanie at melschuler13@gmail.com or at 712-484-3946.

SHOES4LOVE DRIVE

In the USA alone, people throw away over 680 million pairs of shoes every year. That is why the annual "Shoes for Love" drive was started. During shoe drives, volunteers collect gently used shoes of any size so they can be refurbished and given to the shoeless and to help support orphans, orphanages, and poverty-stricken families in Central America and Africa.

The annual shoe drive occurs between March and June. Unite with us and keep shoes out of the landfills and together we will help the orphaned and needy. Bring your gently used shoes, any size or type, and place them in the collection boxes at school or Zion Congregational Church.

MAY—SCHOOL BOARD RECOGNITION MONTH

As citizen leaders, school board members face complex and demanding challenges. Yet few people fully understand the scope and far-reaching implications of board members' responsibilities. All Iowa citizens should recognize the vital contributions of these men and women and focus attention on the crucial role these elected public officials play in the education of our children. Their job is to establish a vision for the education program, design a structure to achieve that vision, ensure schools are accountable to the community and strongly advocate continuous improvement in student learning. That job entails an endless string of meetings and school functions to attend; reams of reports, agendas, proposals and other information to read and study; and a host of difficult decisions to make.

School board members come from all walks of life. They are farmers, secretaries, doctors, lawyers, homemakers, architects, truck drivers, professors, business owners and real estate agents, to name a few. Although they wear many hats in the workday world, school board members must pull together as a team toward a common goal—helping students achieve. Though they may individually disagree on certain issues, their role as a board is to consistently strive toward that goal.

Board members contribute thousands of hours each year leading their districts. Whether it be crafting policies, hiring top-notch administrators, listening to staff and student concerns or recognizing outstanding programs, board members always keep their eyes on the goal of student achievement. The time spent in board meetings represents just a small fraction of the hours school board members spend leading in their districts. They also work hard at seminars and training sessions to keep abreast of the latest trends in educational leadership, are deeply involved in community activities and spend many hours in the schools and at extracurricular events. Their love of learning, and concern and caring for students, staff and community, drives board members' desire to lead so students can achieve.

In recognition of the dedicated service of Iowa school board members, May has been designated School Board Recognition Month by the Iowa Association of School Boards. Please join us by saying "thanks" to our school board members and recognizing their efforts throughout the year.

DISTRICT TECHNOLOGY UPGRADES

BOARD APPROVES CHROMEBOOK PURCHASE FOR MIDDLE & HIGH SCHOOL STUDENTS ALONG WITH SHIFTING iPADS TO THE ELEMENTARY

During their April meeting, the Treynor Board of Education approved the purchase of Chromebooks for 6th through 12th grade students. The newest lightweight Dell Chromebook model features a gorilla glass touch screen, 180-degree hinge, extra protection from drops and spills, and an excellent battery life. The Dell Chromebook was selected as the new 1:1 device after a Technology Committee spent the year researching Chromebook use in schools, examining the needs of Treynor School District students and staff, and evaluating several different brands and models of Chromebooks.

The new Chromebooks will replace the aging IBM Lenovo Laptops that were rolled out to 9th through 12th grade students for the District's first 1:1 initiative in January, 2012. In September of 2013, iPads were rolled out to all Middle School students. Even though the iPads are not yet out of date, Chromebooks will be provided in grades 6-8 so that Middle School and High School students are using the same device and platform. The current Middle School iPads will be shifted to the elementary this summer. Treynor Elementary currently has about 100 iPads which were purchased in the spring of 2013. With the addition of 200+ iPads coming from the Middle School and the existing elementary computer labs, Treynor Elementary is close to achieving a 1:1 student to computer ratio.

The Board approved using PPEL funds to purchase the 475 Chromebooks for the price of \$299.03 per device. After totaling all costs associated with purchasing the Chromebooks, Google Management license, Hapara add-on software, HDMI/VGA adapters and additional iPad charging carts for the elementary, the technology upgrade cost will be \$160,266.69.

The new Chromebooks will be handed out to students the first week of school in August, 2015. The Technology Committee will plan a Chromebook Boot Camp to get students on the fast track to learning more about their new devices and how to properly care for them. With parent approval, Middle School and High School students will be allowed to take the devices home each night so that they can continue their learning process after they leave school. Students will be responsible for caring for their device, and will need to purchase their own laptop bag, case or backpack with separate laptop slot to transport these devices between home and school.

BUSINESS CLASSES & "CARDINAL CART"

The business classes are finding out first-hand what is involved in operating a business. For the past two months, they have been planning, managing, and operating the "Cardinal Cart," a cart that serves snacks and drinks during Card Pride.

The Entrepreneurship class took this new business from an idea to an operating business. The class identified their target market and chose items that they thought will be appealing to this group. After conducting research on the healthy food guidelines required for K-12 schools, they chose their product offering to meet those guidelines. Class members are Tanner Kaeding, Trey Robinson, and Steph Sudan.

The Marketing class was recruited to help with the marketing efforts which includes social media, promotion, distribution, product, and pricing. Prices were set after calculating the cost per item and sales were estimated based on number of students. Class members are Sarah Duysen, Michael Godfrey, Emma Kaeding, and Travis Manzer.

The Accounting class keeps financial records for the Cardinal Cart, and will be creating financial statements after recording transactions and sales. Class members are Travis Manzer, Trey Robinson, and Steph Sudan.

Through this experience, the business classes have learned that customer behavior is not easy to predict and how important it is to adapt to changing conditions. Operating a business takes planning, good decision making, good record-keeping, and teamwork... all skills they have developed in this project.

Making Summer Meaningful

Many working parents worry about how they can afford to make their child's summer vacation a meaningful experience. It's tough for any parent, but especially tough for those who work and won't be home every day to help orchestrate activities that will keep them busy and productive, while also being a bit educational. It takes some serious planning in advance. Here are some inexpensive things to consider:

Develop a reading program – Sit down with your kids early in the summer and help them identify some books to read over their vacation. Of course, goals for each child will depend on ages and reading levels. Be sure to help them select a mix of books that reflect education, adventure and fun, then head to your nearest library to check them out. Helping your kids develop a love of reading early on and learning how to use the library will be a true blessing to them for the rest of their lives.

Explore your family's history – As you've read in the feature article, there are all kinds of fun ways to learn about your family. Your kids can take charge of capturing all the great family stories over the summer at reunions and family visits. Also encourage your kids to begin documenting their immediate family history through photo journals and video stories to assist generations to come.

Learn the value of money – The summer months can be a marvelous time to help your kids begin to understand the value of a dollar. Giving them a set amount they can spend each week – and helping them understand what is acceptable for them to spend it on – will be the beginning of a solid financial education. For terrific examples of financial learning activities to do with your kids, you can refer to [Yes You Can...Raise Financially Aware Kids](#).

Take charge of some chores – Summer is a great time to teach your kids responsibility! Sit down with them in advance and outline what you expect of them over the course of the summer. Whether it's mowing the yard each week or making certain all the dishes are put away each day, a clearly posted list of daily and weekly chores will be a real plus in making sure they happen.

Inspire a volunteer spirit – Children find a real sense of fulfillment in helping others. Opportunities for volunteerism are endless and can range from something as simple as providing assistance to an older neighbor with daily chores, to aiding a large organization.

Complete a major household project – Over the course of the summer, have your kids go through their old toys and treasures while cleaning out the basement, then help them hold a garage sale from which they get all the proceeds. Your family can even take on other household projects, like painting the bedrooms or planting a garden.

Get some real life office experience – Many parents today are either self-employed or work for companies that are open to having children help out in the summer. Suggest a summer project in your office that would be helpful for your company and a great learning experience for your child. With or without pay, it will look good on their resume when they begin looking for work years later.

Summer school – Could your student use a little extra help with Math, English, a foreign language or another course? A few weeks of summer school can be a cost effective way to help students catch up on challenging classes from the past school year, or get a jump on the fall semester.

These are just a few ways to ensure this summer brings a meaningful experience for your kids. By providing a positive and productive summer vacation, you can help create memories that last for years.

END OF THE SCHOOL YEAR FEES

Just a reminder with the end of the school year approaching—all lunch accounts must have a positive balance on the last day of school. Students who have a negative lunch balance will not be able to sign out for the year. Fees will also be due for Industrial Tech. classes and projects (check the bulletin boards in the commons for the list) and laptop repairs.

It is possible once textbooks are turned in at the end of the year that your student may be asked to pay a book fine or a book rebinding fee due to damage to a textbook.

If you have any questions or need to check on your student's fees, please call any of the school offices: Middle School, 712-487-3181; High School, 712-487-3804; Superintendent's Office, 712-487-3414.

This will be the last newsletter for the 2014-15 school year. The first newsletter for the 2015-16 school year will be available online or mailed before the end of July. It will contain information for registration and for the 2015-2016 school year.

Have a great summer!
