

Treynor Community School District
School Improvement Advisory Committee
March 22, 2023 - 5:00-7:00 P.M.

- 1. Review of agenda**
- 2. Four Lenses for School Improvement**
 - a. Resource Allocation
 - b. Data
 - c. School Improvement (SAMI)
 - d. Action
- 3. Feedback from Members**
 - a. Members shared what data shared in previous meetings they thought gave the best indicators of district success.
 - b. Members shared out ideas for formats and data that really helped us understand where we are and what we may need to look at in the future.
- 4. Certified enrollment and open enrollment in and out of the district.**
 - a. Down total of 40 students since 2018 but down 56 of certified enrollment students since 2018
- 5. What data/information was most beneficial from what we looked at today?**
 - a. Enrollment - In and Out
 - b. Staffing ratios - What would be the optimal ratio?
 - c. Free and reduced lunch % - student population is changing
 - d. Teacher retention - compared to other districts - what are the years of experience
- 6. What information wasn't worth the time?**
 - a. Financial - we don't know where the funds are allocated.
- 7. What information across the whole process was the most beneficial?**
 - a. Cohort data
 - b. Comparison data - WIC
 - c. ACT
 - d. Iowa School Performance Profile
 - e. FAST
 - f. Brainstorming wonders and implications
 - i. Questions asked: Do students who move into the district perform better once in Treynor? Can we do exit interviews with students after they graduate?
- 8. What would you like to know about the SAMI process moving forward?**
 - a. Are there connections between what SIAC identifies and what the SAMI process identified?
- 9. Feedback**
 - a. Resource Allocation - spend some time on it but not a ton of time
 - b. Data - Achievement & social-emotional - spend time comparing where we are and where we want to go. What are the top school doing that we are not?
 - c. SAMI - we do not need to spend much time in SIAC on it. Keep that at the building level.

- d. Action - Share out what each building is doing in relation to the school improvement plan goals.
10. **Summary** - Dr. Beyenhof thanked everyone for their participation and support.
