STEEVE FAMILY SPAGHETTI SUPPER AND SILENT AUCTION

<https://givebutter.com/steevefamily>

WEDNESDAY, MAY 22ND 5:00-7:00 P.M.

TREYNOR HS COMMONS

There are home baseball and softball games starting at 5:30

Ava, age 5, was recently diagnosed with very severe aplastic anemia and will require a bone marrow transplant very soon. Derek & Amberly are having to make weekly trips to the hospital for blood transfusions to keep Ava's blood counts stable. Aplastic anemia is a rare but serious blood condition that occurs when your bone marrow cannot make enough new blood cells for your body to work normally. Please come to this event to help ease the financial burden for the Steeve family.
