

ONLINE REGISTRATION GUIDE

Online Registration for the 22-23 school year can be completed online. Using a computer is highly recommended for this process. **If you are using a mobile device, you may need to click on *JMC DESKTOP* link in the lower area of the webpage.** Follow the steps and links below to get started.

From the school web page, <https://www.treynorschools.org>, go to the Quicklinks menu in the middle of the page and select [JMC All Access](#). Next, choose “FAMILY” from the options.

CHOOSE 2022-23 FROM THE DROP-DOWN MENU

Log in with your username, which is the *parent's* last name and your password.

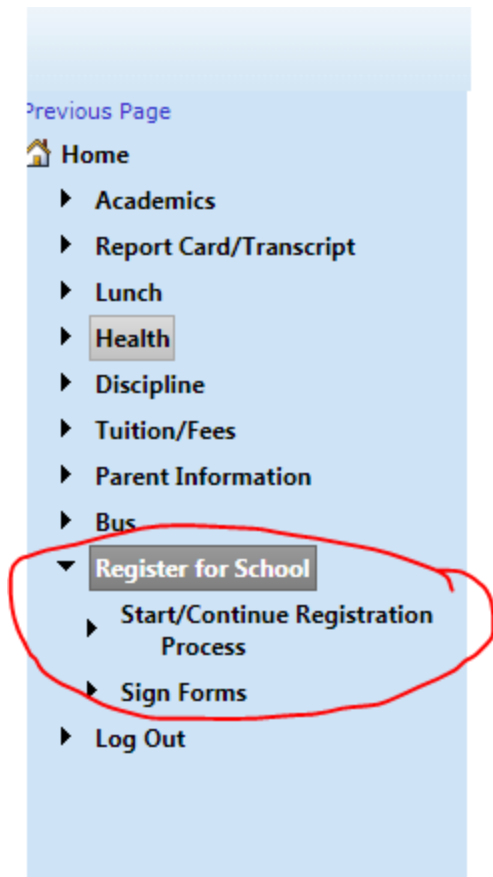

The home screen will contain registration instructions, which is also included in this document.

New parents: Your password will be set to your kindergarten or oldest child's student's birth month *3-letter abbreviation*, two-digit birth *day* and two-digit birth *year*. For instance, if a child's birth date is March 10, 2012, your parent password would be MAR1012. If a child's birth date is August 3, 2012, the parent password would be AUG0312. *If you did not register for Kindergarten or as a new family, then we may not have your child's information entered into our JMC database yet. Call the Supt. Office at 712-487-3414 x4 to get your information entered into JMC.*

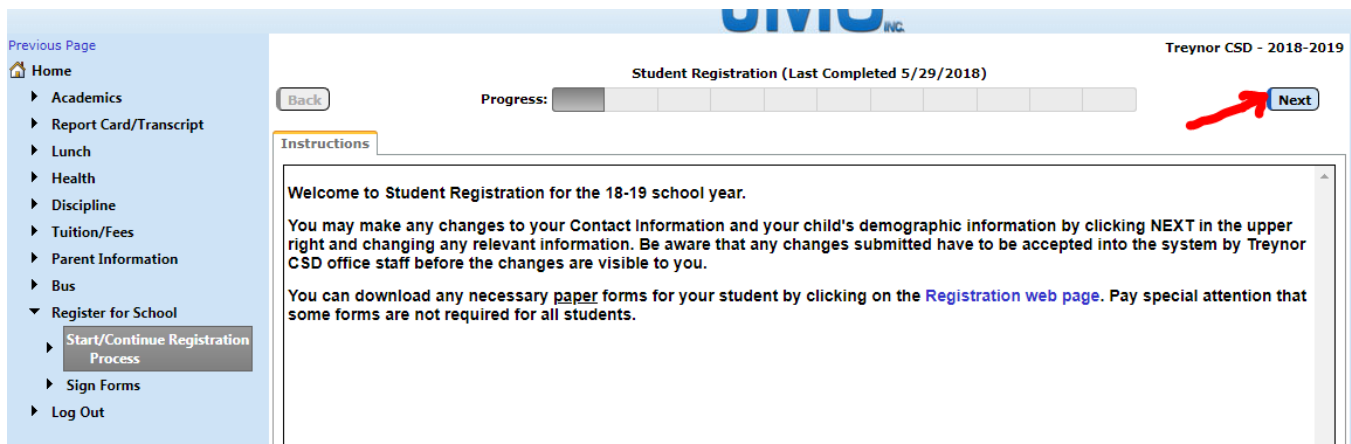

If you have password issues, you can email Shelly Bailey at sbailey@treynorcardinals.org or call the Superintendent's office at 712-487-3414 X4.

STEP ONE - Register Student

Click on “Register for School” and then “Start/Continue Registration Process”

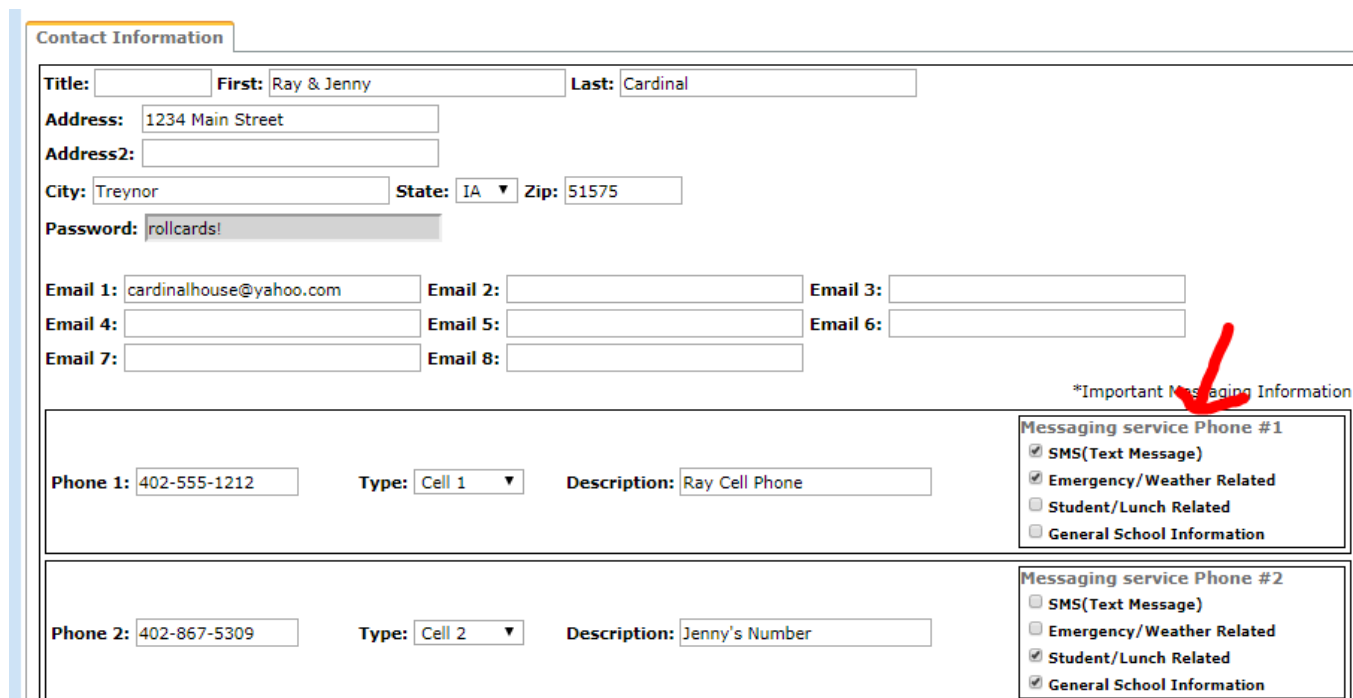

Walk through registration screens by clicking Next and following the prompts on the screen.

Your first option will be checking and/or editing parent contact information. Add or modify your address, email address(es) and phone numbers. NOTE: Any changes made to your contact information has to be confirmed by office personnel before the changes are visible to you.

In the Message Service box next to each phone number, select the type of notice(s) to receive to that particular phone number (you can select more than one). The options include:

- SMS/Text Message is for cell phone text messages.
- Emergency/Weather Related would be messages like late starts, early dismissals, no school.
- Student Related would be academic or sport notices (i.e. practice cancelled, excessive tardiness/absences).
- General School Information would be reminder messages related to conferences and registration.

The screenshot shows a 'Contact Information' form. It includes fields for Title, First, Last, Address, Address2, City, State, Zip, Password, and eight email addresses. Below these are two phone number entries. Each entry has a 'Phone' field, a 'Type' dropdown, and a 'Description' field. To the right of each phone entry is a 'Messaging service' box with four checkboxes: 'SMS(Text Message)', 'Emergency/Weather Related', 'Student/Lunch Related', and 'General School Information'. A red arrow points to the 'Emergency/Weather Related' checkbox for Phone #1.
